Vol.6 March 2010

Raw Steel Hockey Club has achieved yet another goal towards establishing its status as a nonprofit entity.

On February 1st, Raw Steel applied for and received a federal Employer Identification Number (EIN). This allowed us to organize as a subordinate on the National AAU's Group under section 501(c)(3) of the Internal Revenue Code. By doing this, Raw Steel is recognized as an entity that is allowed to accept tax deductible donations. In addition, we will be able to register Raw Steel as a nonprofit entity in the State of California.

This is good progress for Raw Steel Hockey. It provides us with official recognition as a nonprofit club and positions us with other clubs organized to; offer amateur sports programs through a volunteer base for all people; to promote good sportsmanship and good citizenship; to conduct programs that provide for, enhance and strengthen participation and competition for amateur athletes; and to work with other sports organizations to benefit amateur athletes.

As a result from the effort of our volunteer managers and coaches, and the support and encouragement of our Raw Steel families, our mission is reaching fruition. As we continue to grow our purpose will soon be fulfilled.

I am absolutely honored to be part of this club and associated with the managers, coaches, players and families who choose to be part of Raw Steel Hockey. ~Coach Tony

Club News

All players should have signed a Letter of Intent (LOI) to play with Raw Steel Hockey Club. Not signing a LOI for Raw Steel could revert you back to the club you played for last year and disqualify you from playing with Raw Steel. See your team manager for details.
